Applicants hereby provisionally elect with traverse to prosecute the claims of Group I (Claims 1-90, drawn to use of a color image acquisition device in a video microscopy system to determine an amount of at least one molecular specie) and expressly reserves the right to file divisional applications or take such other appropriate measures deemed necessary to protect the inventions in the remaining claims.

Should the Examiner have further questions or comments with respect to examination of this case, it is respectfully requested that the Examiner telephone the undersigned so that further examination of this application can be expedited.
